AGENDA ITEMS

1. FEES AND CHARGES 2023/2024

<i>Type of Report:</i>	Legal
<i>Legal Reference:</i>	Local Government Act 2002
<i>Document ID:</i>	1654102
<i>Reporting Officer/s & Unit:</i>	Alister Edie, Strategic Finance Advisor Caroline Thomson, Chief Financial Officer

1.1 Purpose of Report

To consider the amended fees and charges for the year commencing 1 July 2023.

Officer's Recommendation

That Council:

- a. **Adopt** the Schedule of Fees and Charges for 2023/24 as specified in the attachment, to take effect from 1 July 2023.
- b. **Note** the Animal Control fees will be publically advertised the month preceding the start of the dog registration year and will apply from the start of the 2023/24 registration year.

1.2 Background Summary

Officers have reviewed Council's schedule of fees and charges, and have recommended a series of changes to ensure Council's costs for providing services are covered, all while maintaining compliance with our Revenue and Financing Policy. Most fees and charges have increased by the appropriate cost inflator to maintain cost recovery and Revenue and Finance Policy requirements.

The amended schedule of fees and charges is included as an attachment to this report for adoption.

The Dog Control Act 1996 requires dog registration fees to be publically advertised the month preceding the start of the dog registration year. This report is seeking approval for the dog registration fees to be applied from the start of the 2023/24 registration year.

1.3 Issues

The proposed changes to Council's fees and charges support cost recovery and Annual Plan revenue amounts. The cost of providing services has increased and the proposed changes maximise user funding as opposed to subsidisation from ratepayers. The default increase applied to fees and charges is the Consumer Price Index (CPI) at 7.2%.

Some activities are proposing various changes to fees and charges to recover costs and support users. Bay Skate is increasing annual membership fees by 15.8%, increasing per-visit non-member fees by 11% but keeping per-visit member fees unchanged. The National

Aquarium has also introduced a discounted fare for local residents across their different fees.

Some community services are increasing fees below CPI to support users. Napier Aquatic Centre has moved the spectator fee but increased Adults Single Admission fees by 13% to support cost recovery. Library services are decreasing charges where costs have decreased e.g. book, DVD/audiobook & puzzle replacement charges are dropping 18%, 29% and 29% respectively. The Faraday Centre is also proposing fee decreases for adults, children, family passes and groups of children and Napier i-SITE is not changing Paid Advertising charges to support businesses impacted by the cyclone.

Depot operating expenses have increased 15% in the 2023/24 Annual Plan, due to increased Salary, Wages and Training expenses. Sewerage, Stormwater and Water Supply charges are therefore increasing by 15% to maintain cost recovery. Charges for 150mm Connections, Open Ground Pipelaying and Road and Footpath Crossing Connections have increased above 15% to recover increased costs and One-off Testing charges have been added to Backflow Prevention. Financial contributions are also increasing by 12.5%, matching the change in the Producer Price Index (PPI) as per the Financial Contributions policy.

Cemetery fees are also increasing to recover increased Depot expenses and are in alignment with Hastings District Council (HDC) charges e.g. Disinterment Ashes fees are increasing 29% and a new Saturday morning Burial fee has been introduced. Policy planning is also increasing some charges to maintain cost recovery e.g. Alteration of Designations at 45%, Requests to Change District Plans at 36% and other rates increasing to align with HDC.

1.4 Significance and Engagement

This report has been assessed under the Council's Significance and Engagement policy and does not trigger the threshold of that Policy.

In line with the Council approved approach for the 2023/24 Annual Plan, the public was not consulted on the proposed changes to fees and charges. However, stakeholders will be consulted on some items e.g. Animal Control fees.

1.5 Implications

Financial

The proposed changes to fees and charges are intended to maintain cost recovery, and are included in the financial information for the Annual Plan 2023/24.

Social & Policy

Fees and charges are used to fund both operating and capital expenditure as set out in the Revenue and Financing Policy.

Risk

There is a risk that the revenue received from fees and charges does not meet the private good funding guidelines set out in the Revenue and Financing Policy for each activity. Council's revenue is closely monitored throughout the year and any variances to budget are reported to Council on a quarterly basis.

1.6 Options

The options available to Council are as follows:

- a. Approve the fees and charges for 2023/24

- b. Not approve the fees and charges for 2023/24
- c. Council can make changes to the fees and charges for 2023/24

1.7 Development of Preferred Option

Option A – approve the fees and charges for 2023/24.
